

Can We Talk?

.... About new visions
for the North End

[Dr. Ingrid Waldron](#)

**Your invitation to a DVD Screening and Discussion
about the issues and opportunities facing Halifax's North End**

Dr. Ingrid Waldron of Dalhousie University's School of Occupational Therapy invites you to a screening of a new DVD 'The North End: In Search of a New Beginning' based on her 100 page research study 'Identifying Meaningful Occupations in Low Income, Racialized Communities in North End Halifax'.

**Thursday, February 16, 2012
5.30 pm - 8.30 pm
North Branch Public Library
2285 Gottingen Street, Halifax**

This is a time for a broad range of interest groups and individuals to come together in a way that will spark meaningful discussion and allow us to sit together in small groups where we can work on creative solutions and first steps inspired by the video and Waldron's findings.

Light dinner will be served.
