

AMS Healthcare Postdoctoral Fellowship 2018 Funded Recipients

Objective

The AMS Postdoctoral Fellowship provides support to a core of the most promising researchers at a pivotal time in their careers. Candidates should be embarking on a period of full-time post-PhD degree studies and wish to add to their experience by engaging in research in Canada or abroad. The fellowships are intended for emerging scholars to complete work already started on projects featuring the study, analysis, and interpretation of past practices, philosophies, and/or epistemologies related to human health, health care, and/or disease or the education of health professionals, or to begin a new project in the field.

Recipients	Project Title	Year
<p>Dr. Matthew Wiseman</p> <p>Department of History, University of Toronto</p>	<p>Cold Soldiers: Medical Scientist Alan C. Burton and Military Experimentation in Cold War Canada</p>	<p>2018</p>
